

# Product Standards Committee Annual Meeting Agenda

**Wednesday • November 10, 2010 • 8:30 AM - 5:00 PM**  
**Flamingo Hotel & Casino, Las Vegas, Nevada**

1. Introductions
2. Approval of the Agenda
3. Review and approval of the 4/16/2010 Mid-Year PSC Meeting Minutes
4. Seal Control Board Liaison – R. George
5. Code Update – R. Ackroyd
6. Standards Update Chart (access from ASSE website) – S. Hazzard
7. Harmonization Efforts - CSA & ASME - S. Hazzard  
The harmonization agreement included a set of 5 standards; 1002, 1016, 1037, 1069 and 1070. The JHTG has recommended to proceed next with 2 standards concurrently: 1037 and 1070.
8. Nomenclature Update – R. George
9. Retesting requirements for ASSE Standard 1060, Outdoor Enclosures for Fluid Conveying Components. Do these covers really need to be sent to a laboratory every 7 years for retesting? This will also be discussed at the SCB Meeting. - S. Hazzard
10. Roundtable discussion regarding the reopening of the ASSE 1071 Standard, Temperature Actuated Mixing Valves for Plumbed Emergency Equipment. When balloted to the PSC for the reopening of this standard, the majority voted to reopen but several members also asked that this standard be discussed at the Annual Meeting. - general
11. Request from Minnesota for an interpretation on the use of ASSE 1017 devices for shower valves and their use along with ASSE 1016 and 1069 devices. – S. Hazzard
12. Old Business
13. New Business
