ASSE Announces the Formation of Two Working Groups for the Creation of Plumbing and Mechanical Inspector Professional Qualifications Standards

Westlake, Ohio, September 15, 2010 — The American Society of Sanitary Engineering is forming two working groups for the creation of the ASSE Series 16000, Plumbing Inspector Professional Qualifications Standard, and the ASSE Series 17000, Mechanical Inspector Professional Qualifications Standard. These standards will cover the education and training requirements for plumbing and mechanical inspectors.

All interested parties, especially inspectors of plumbing or mechanical systems, are invited to attend and participate. To become a member of one of these groups, interested parties must submit an [application](#) to Marianne Waickman, ASSE Professional Qualifications Coordinator.

For more information, contact: Marianne Waickman, Professional Qualifications Coordinator, via e-mail at Marianne@asse-plumbing.org, or via telephone at 440.892.9530.
